

## **Abridged operational instruction for the students participating in classes conducted in the building of the Faculty of Biotechnology**

1. You can attend classes if you:
  - do not show disease symptoms,
  - are not placed under quarantine or in home isolation,
  - do not live with a person undergoing quarantine or placed in home isolation.
2. Enter the building wearing a covering over your mouth and nose.
3. Disinfect hands at the entrance (the University provides disinfectant and gloves).
4. Undergo a contactless temperature screening.
5. Walk up the stairs to the first floor, do not use the elevator.
6. Leave all items you do not need to have with you during classes or an exam in your locker.
7. Before entering the classroom, disinfect hands once more.
8. Take the assigned seat.

### **While remaining inside the Faculty of Biotechnology building you are obliged to:**

- cover your mouth and nose;
- maintain minimum 1.5-metre distance to others;
- frequently wash or disinfect your hands or gloves;
- use your own office supplies, such as a pen, calculator, marker;
- disinfect surfaces and equipment shared during classes;
- limit movement around the building to a necessary minimum;
- if possible, leave the interior doors open;
- report any worrisome symptoms you experience yourself or notice in others,
- during breaks scheduled during classes you can:
  - leave the classroom and occupy the first floor or the main hall
  - leave the building, adhering to all safety measures.
